B. Damage resulting from improper Product packaging will be charged to Seller. Seller will not pack or ship items corresponding to multiple Orders or multiple line items within a single Order unless Seller has separately identified the packing and shipping costs of each line item being shipped.

11. DELIVERY, TITLE. ([back to top](#))

A. The Free On Board (FOB) point shall be as designated in this Order. Title shall pass to Buyer upon delivery (except as otherwise specified within this Order); however, passing of title shall not relieve Seller of any other obligations under this Order.

B. All deliveries shall be strictly in accordance with the applicable quantities and schedules set forth in this Order. Unless otherwise specified in this Order, Seller shall not ship quantities in excess of those specified in this Order. Buyer shall have no obligation to return or pay for any quantities in excess of those specified in this Order. For all other shipments not meeting the requirements of this paragraph, Buyer may return the shipment or store early deliveries at Seller's cost.

C. Whenever it appears Seller will not meet the delivery schedule, Seller shall immediately notify Buyer in writing of the reason and estimated length of the delay. This notice shall be informational only, and shall in no way affect the rights or remedies available to Buyer. Seller shall make every effort to avoid or minimize the delay to the maximum extent possible. Any additional cost incurred by Buyer or Seller because of late delivery shall be borne by Seller unless specifically authorized in writing by Buyer.

D. If Seller is unable to meet the required delivery schedules for any reason, other than a change directed by Buyer, Buyer shall have the option to:

(i) Terminate this Order, or

(ii) Fill this Order or any portion thereof, from sources other than Seller and to reduce Seller's Order quantities accordingly at no increase in unit price, without any penalty to Buyer. The rights accorded Buyer pursuant to this paragraph D shall not limit Buyer's rights under the "Termination for Default" provision of this Order.

- E. All Parties expressly agree that time is and shall remain of the essence in performing this Order and no acts of Buyer, including without limitation, modifications to this Order or acceptance of late deliveries, shall constitute a waiver of this provision.

All drawings, procedures, manuals, forms, test reports, software (including software documentation) and other data that is required to be delivered under this Order (“Seller Data”) shall comply with the terms of this Order. Seller Data shall be delivered to Buyer on or before the time specified in this Order, or if no time is specified, 45 days after receipt of this Order. Seller shall submit Seller Data to the Buyer address shown on the first page of this Order unless otherwise specified in this Order. If no delivery information is specified or Seller is unsure of where to send the Seller Data, Seller shall contact Buyer’s authorized purchasing representative for further instructions. Buyer may withhold payment if Seller fails to deliver any Seller Data in accordance with the terms of this Order. When furnished with the shipment, Seller shall enclose all required Seller Data in the first box of the shipment and mark the shipment, *CERTIFICATES AND/OR TEST REPORTS ENCLOSED*.

13. LIENS. [\(back to top\)](#)

All Products furnished under this Order shall be free of all liens, claims, charges, and encumbrances of any kind. 14. INSPECTION. [\(back to top\)](#)

- A. Except as otherwise provided in this Order, Seller shall maintain an inspection and quality control system acceptable to Buyer to be performed on Products delivered under this Order. As part of the system, Seller shall prepare records evidencing all inspections made under the system and the outcome. Buyer or Buyer’s customer shall have the right to perform reviews and evaluations as reasonably necessary to ascertain Seller compliance with an inspection or quality control system that is acceptable. The right of review, whether exercised or not, does not relieve Seller of its obligations under this Order.
- B. Buyer or Buyer’s customer has the right to inspect and test all Products to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. Buyer assumes no contractual obligation to perform any inspection and test for the benefit of Seller. If Buyer or Buyer’s customer performs an inspection or test on the premises of Seller or a subcontractor of Seller, Seller shall furnish, and shall require its subcontractors to furnish, at no increase in Order price, all reasonable facilities and assistance for the safe and convenient performance of such inspection and test. Buyer reserves the right to charge to Seller any additional cost of inspection or test by Buyer or Buyer’s customer when (1) Products are not ready at the time such inspection or test is required by this Order or has been otherwise scheduled by mutual agreement of the parties, or (2) reinspection or retest of the Products is necessitated by prior rejection.
- C. Buyer has the right either to reject or to require correction of nonconforming Products. Products are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with requirements of this Order. Buyer may reject nonconforming supplies with or without disposition instructions.
- D. Seller shall remove Products rejected or required to be corrected; however, Buyer may require or permit correction in place, promptly after notice, by and at the expense of Seller. Seller shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.
- E. Seller, at its own expense, shall promptly rectify any defects discovered during any inspection or test.
- F. If Seller fails to promptly remove, replace, or correct rejected Products that are required to be removed or to be replaced or corrected, Buyer may either:
- (i) Remove, replace, or correct the Product(s) and charge the cost to Seller; or
 - (ii) Terminate this Order for default.

If Buyer elects to correct the deficiencies in the Product(s), then the parties agree that Seller will pay Buyer's actual costs and Buyer's labor at Buyer's fully-burdened hourly rates (as appropriate) utilizing the then-current Government-approved rate set authorized for change-order activity. If Seller fails to correct or replace the Product(s) within the delivery schedule, Buyer may require their delivery with an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

- G. Products that have been reworked or repaired by Seller after having been rejected by Buyer shall be identified as "Resubmitted." Seller shall annotate the packing slip with the words "Resubmitted Material," the reason for the previous rejection, and the Buyer Inspection Report, Discrepancy Report, or Quality Notification Number if known. If the Products were inspected at source and rejected, such information shall also be annotated on the packing slip.
- H. Seller shall flow down the substance of this provision to all of its suppliers engaged for performance under this Order.
- I. Neither Buyer's in-process inspection nor Buyer's approval of any of Seller's drawings, procedures or other submittals shall: (i) constitute acceptance of any work; or (ii) relieve Seller of complying fully with all of the requirements of this Order.

15. TAXES. [\(back to top\)](#)

Seller shall not collect any sales or use taxes inasmuch as Buyer has direct pay permits held for Mississippi, and Virginia. Seller shall pay all other State, Federal and Local taxes, assessments and duties that may be applicable to Products or Seller's performance hereunder.

16. INVOICES. [\(back to top\)](#)

Payment shall be made within the later of the following two events: (A) The 30th day (or such other time as specified herein) after the designated billing office receives a proper invoice from Seller; or (B) The 30th day (or such other time as specified in the Order) after Buyer's receipt of: (i) supplies delivered at Buyer's facility or such other facility as designated by Buyer; or (ii) services performed. Unless Seller is part of Buyer's Invoiceless Payment System, Seller shall send all invoices, in duplicate, showing the Order number and Order item number to the Huntington Ingalls Incorporated address on the first page of this Order, Attention: Accounts Payable. Buyer may set-off any amount(s) due from Seller to Buyer, liquidated or unliquidated, against payments due to Seller under this or any other Order. At any time, Buyer or its customer may audit Seller's invoices to verify their accuracy, completeness and compliance with the terms of this Order. Payment of Seller's invoices shall be subject to adjustment for any amounts found upon audit or otherwise to have been improperly invoiced. For progress payments, Seller shall note "Final Invoice" on the final billing documents sent to Buyer. These actions are necessary to ensure proper closeout of this Order.

17. SUSPECT/COUNTERFEIT PARTS. [\(back to top\)](#)

- A. "Suspect/counterfeit parts" are parts that may be of new manufacture, but are misleadingly labeled to provide the impression they are of a different class or quality or from a different source than is actually the case. The term "suspect/counterfeit parts" also includes refurbished parts, with or without false labeling, that are represented as new parts or any parts that are designated as suspect by the U.S. Government, including but not limited to parts listed in alerts published by the Defense Contract Management Agency under the Government-Industry Data Exchange Program (GIDEP).
- B. Seller will ensure that suspect/counterfeit parts are not incorporated into any Products. The intentional or unintentional use, incorporation, or delivery of suspect/counterfeit parts is strictly prohibited. This includes a suspect/counterfeit part being provided either as an end item deliverable or as a component or subcomponent of an end item deliverable under this Order.
- C. Seller represents and warrants that it has policies and procedures in place to ensure that none of the Products furnished to Buyer under this Order are or contain "suspect/counterfeit parts." Seller further certifies, to the best of its knowledge and belief, that no "suspect/counterfeit parts" have been or will be furnished to Buyer by Seller under this Order.

- D. If Seller becomes aware or suspects that it has furnished suspect/counterfeit parts or if Buyer determines, including as a result of alerts from the U.S. Government, that Seller has supplied suspect/counterfeit parts to Buyer and so notifies Seller, Seller shall immediately replace the suspect/counterfeit parts with parts acceptable to Buyer and conforming to the requirements of this Order. Notwithstanding any other provision of this Order, Seller shall be liable for all costs incurred by Buyer to remove and replace the suspect/counterfeit parts, including without limitation all costs incurred by Buyer relating to the removal of such suspect/counterfeit parts, the reinsertion of replacement parts and any testing necessitated by the reinstallation of Seller's Products after suspect/counterfeit parts have been exchanged. The parties agree that Seller will pay Buyer's actual costs and Buyer's labor at Buyer's fully-burdened hourly rates (as appropriate) utilizing the then-current Government-approved rate set authorized for change-order activity. All such costs shall be deemed direct damages.
- E. Buyer may, at its discretion:
 - (i) Remove and or retain or both all Products supplied by Seller that are suspected of being or containing suspect/counterfeit parts pending reporting to the appropriate law enforcement authorities and final disposition of the Products by them. Seller shall be liable for all costs relating to Buyer's removal and retention of the suspect/counterfeit parts.
 - (ii) Turn over to the appropriate authorities (e.g., without limitation, the Defense Criminal Investigative Service, Naval Criminal Investigative Service, Federal Bureau of Investigation, Offices of the Inspector General, etc.) any Products suspected of being or containing suspect/counterfeit parts and reserves the right to withhold payment for the Products pending the results of any investigation or proceedings related to the matter.
- F. Seller's warranty against suspect/counterfeit parts shall survive any termination or expiration of this Order.
- G. Seller shall insert a clause containing all of the terms of this provision in all subcontracts under this Order.

 - b. Written documentation about the source of Conflict Minerals in the Product(s) that provides substantively similar information to that requested by the CMRT.
- B. Any CMRT provided pursuant to paragraph A(ii) above shall be submitted on the web platform of Buyer's conflict minerals data vendor, Source Intelligence. If Seller has previously registered with Source Intelligence, Seller may use its existing username and password at www.sourceintelligence.net. Any questions regarding this requirement should be addressed to the authorized purchasing representative of Buyer listed on the face of this Order.

- C. If the status of any Product(s) changes during performance of this Order so that the representation or information provided pursuant to paragraph A of this provision is no longer accurate, then Seller must within 30 days complete and submit updated, accurate and current information as provided in paragraph B above.
- D. If Buyer determines that any representation made by Seller pursuant to this provision is inaccurate or incomplete in any respect, or Seller fails to timely submit the information required by this provision, then Buyer may, at its option, either withhold up to 10% of the Order price until such information is provided or terminate this Order pursuant to the provision of this Order titled "Termination for Default."

- A. Seller warrants that all Products delivered under this Order will:
 - (i) Be free from defects in materials, workmanship, and manufacturing processes; and
 - (ii) Conform to all requirements of this Order.
- B. The warranty period shall begin upon Buyer's acceptance of the Product and end 12 months after final acceptance by Buyer's customer of the end product incorporating the Product provided by Seller under this Order. In computing the warranty period, there shall be excluded any time that a Product delivered under this Order is prevented from entering service or is taken out of service on account of any Product deficiency.
- C. For the purposes of this provision, a deficiency occurs when Seller's goods or services fail to meet any of the performance obligations set forth in subparagraphs A(i) through A(ii) of this provision. Seller's notice shall in no way affect the rights and remedies of Buyer.
- D. For all deficiencies that arise during the warranty period, Seller shall promptly remedy the deficiency at no cost to Buyer. If Seller fails to remedy the deficiency within a reasonable time after having been notified of the deficiency, Buyer may, at its option, remedy the deficiency by contract or otherwise and charge to Seller any increased costs incurred by Buyer or Buyer's customer or make an equitable reduction in the price of this Order. If Buyer elects to correct the deficiencies in the Product, then the parties agree that Seller will pay Buyer's actual costs and Buyer's labor at Buyer's fully-burdened hourly rates (as appropriate) utilizing the then-current Government-approved rate set authorized for change-order activity.
- E. Buyer's approval of any documentation prepared by Seller or Buyer's participation in design reviews or first article approval process or similar reviews shall not relieve Seller of any obligation under this warranty.
- F. Buyer's rights under this provision shall, at Buyer's option, be assignable to and enforceable by Buyer's successors and customers.
- G. Seller shall immediately notify Buyer of any deficiencies during the performance of this Order and the warranty period. Seller shall promptly provide a written notice to Buyer's authorized purchasing representative describing the deficiency and Seller's plan to remedy the deficiency. For the purposes of this paragraph G, a deficiency occurs when Seller's Product fails to meet any of the performance obligations set forth in paragraph A of this provision. Seller's notice shall in no way affect the rights and remedies of Buyer.
- H. Nothing herein shall relieve Seller of its liability for latent defects, fraud or such gross mistakes amounting to fraud, regardless of when such defects or deficiencies are discovered. - B. If the change causes an increase or decrease in the cost or time required to perform this Order, the Parties shall negotiate an equitable adjustment in the price or schedule, or both, to reflect the increase or decrease. Buyer shall modify this Order in writing accordingly.
 - C. Any claim for adjustment shall be unconditionally waived unless asserted in writing and delivered to Buyer within 15 days of the receipt of the written Order; if Seller claims the cost of any property made obsolete or excess, Buyer shall have the right to prescribe the manner of disposition of the property to include the right to acquire that property for the cost claimed.

In support of any Seller request for equitable adjustment brought under the "CHANGES" clause or any other clause of this Order, Seller shall provide Buyer sufficient detail to reasonably support Seller's proposal for a request for equitable adjustment or which Buyer's customer should require in evaluating such request. Further, Seller agrees that, if required by Buyer, it will execute a release, in form and substance satisfactory to Buyer, as part of the supplemental agreement providing an equitable adjustment. - D. The rights and remedies of Buyer provided in this provision shall not be exclusive and are in addition to any other rights and remedies provided by law or in equity or otherwise provided under this Order.

Seller shall assert its right to an adjustment no later than 20 days after the work suspension is lifted.

 - (iii) in the case of a claim filed with the Contracting Officer, fails to take an action within the time limits specified in the "Disputes" clause in Buyer's Prime Contract ("deemed denial"), on a matter arising under or related to the Buyer's Prime Contract, and such decision, determination, action or deemed denial relates to or affects the Parties' rights and interests under this Order ("Government Action"), then any dispute between Buyer and Seller as relates to the Government Action shall be resolved in accordance with paragraph F, which shall be Seller's sole remedy for such disputes. Except as otherwise provided in paragraph F, all other disputes between Buyer and Seller will be resolved in accordance with paragraph B of this provision.

- F. Notwithstanding any provisions herein to the contrary, Government Actions shall be final and binding on Seller, and Seller shall have no recourse against Buyer for such Government Action or Buyer's implementation thereof, unless and to the extent Buyer or Seller appeals pursuant to the terms of this provision.
- (i) If Buyer elects to appeal a Government Action pursuant to the "Disputes" clause in Buyer's Prime Contract, whether at Buyer's election or at Seller's request, Seller shall:
 - (a) assist Buyer in every reasonable manner; and
 - (b) be afforded a reasonable opportunity to participate in the prosecution of the appeal to the extent Seller's interest may be affected thereby. Buyer will not enter into an agreement to settle an appeal that affects Seller's interest without Seller's written consent.

The "proper exchange" of date/time data shall be in accordance with the interface requirements specification(s) of this Order.
- B. "Information Technology" or "IT," as used in this provision, means "information technology" as that term is defined at FAR 2.101, and further including those items that would otherwise be excluded by paragraph (3) of that definition.

No consent granted by Buyer in response to Seller’s request under this paragraph C shall relieve Seller of its obligations to comply with paragraph B of this provision or the Export Laws and Regulations, nor shall any such consent constitute a waiver of the requirements of paragraph B, nor constitute consent for Seller to violate any requirement of the Export Laws and Regulations.
- D. Indemnification. Seller shall indemnify and hold harmless Buyer, Buyer’s parent and affiliates and their respective officers, directors, and employees from and against any and all liabilities, claims losses and expenses arising out of the failure of Seller, its employees, subcontractors, or agents to comply with the requirements of this provision and breach of the warranty set forth in paragraph A. If Seller is required to install or supervise the installation of equipment or to perform services at Buyer’s or its customer’s site, Seller shall inspect the location of the work at Buyer’s or its customer’s site and be familiar with its condition at the time of award of this Order. In no event shall either Seller’s failure to inspect the site prior to the award of this Order, or any circumstance that Seller should reasonably have discovered through such site inspection, constitute a basis for any claim for increased cost or additional time for performance.

37. HAZARDOUS MATERIALS. [\(back to top\)](#)

Seller’s obligations and requirements with respect to hazardous materials, including obligations to communicate with Buyer, are defined as follows in this provision. Neither the requirements of this provision, nor any act or failure to act by Buyer, shall relieve Seller of any responsibility or liability for the safety of any person or property, or of any obligation to comply with the applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous materials.

“*Hazardous material*” means any material defined as hazardous under the latest version of Federal Standard No. 313 as maintained by the General Services Administration (GSA) <https://www.gsa.gov/portal/content/101201>.

SDS provided by Seller shall meet requirements of the United States Occupational Safety and Health Administration (OSHA) Hazard Communication Standard and be in the 16 section format of the United Nations Globally Harmonized System of Classification and Labeling of Chemicals (GHS) format as required by 29 CFR 1910.1200(g). **Placement of this Order does not constitute**

approval. If no SDS was approved prior to Order placement, then no hazardous material may be delivered to the Buyer unless and until the Buyer approves the SDS.

If at any time during performance of this Order, there is a change in the composition of the products or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the submitted SDS, Seller shall promptly notify the Buyer and resubmit the SDS.

Shipments of hazardous materials or products containing hazardous materials shall have a copy of most recent SDS securely attached to external packaging. If Seller later determines that the SDS secured to the external packaging does not match the products delivered, Seller must immediately notify Buyer.

Seller must ensure that the most current SDS for its product has been provided to Buyer’s technical authority and that the SDS provided to Buyer’s technical authority matches the subsequent hazardous material shipping documents. Seller shall notify Buyer and obtain Buyer’s approval prior to shipment if the SDS for a shipment is different than the SDS previously provided for the same product.

Delay to Buyer’s receipt of shipment and any transportation costs due to return of product for reasons of an unapproved, inconsistent or incomplete SDS/MSDS are at Seller’s expense. Repeated non-compliance will result in the Seller being removed from the list of approved suppliers.

B. Prohibited Hazardous Materials:

Except as agreed to in writing by Buyer, or as specified in this Order (e.g., an industry specification or assembly drawing that specifies chromium steel), the hazardous material constituents in Prohibited Hazardous Materials Table shall not be included in or come in direct contact with any products furnished under this order. The products furnished under this Order include all ingredients in such products (e.g., newly formulated coatings) and all materials of construction in such product, including sub-component materials (e.g., batteries, circuit boards), applied coatings, applied primers, lubricants, adhesives, and any other consumables that remain on the delivered product. At Buyer's request, Seller's "readily available information" shall be made available to the Buyer's technical authority.

C. Additional Notifications Required by Seller Relating to Materials Identified in the Prohibited Hazardous Materials Table:

* Denotes Mandatory Flow Down where applicable.

52. FLOW DOWN PROVISION. [\(back to top\)](#)

Buyer has indicated that certain provisions and FAR/DFARS clauses are required to be included in Seller's subcontracts with its lower tier subcontractors. That a clause or provision is not identified as a mandatory flow down, however, does not relieve Seller of its obligation to include the clause in lower tier subcontracts when required to satisfy Seller's contractual obligations under this Order.

53. OBSOLESCENCE. [\(back to top\)](#)

Seller represents that it has obtained pricing and/or has within its control all necessary equipment, subassemblies, parts, components or items (collectively referred to as “Parts”) to be incorporated in the Product(s) to be delivered under this Order. If during the performance of this Order Seller becomes aware that any Products or Parts will be going out of production or will no longer be commercially available in the future. Sellers shall notify the Buyer of such obsolescence. Seller shall specifically identify those Products or Parts by name or title, part number(s), function, and name and location of manufacturer. Should any Parts that Seller intended to use in performance of this Order become obsolete and unavailable to Seller, Seller shall identify and propose alternative Parts for approval by Buyer and, if necessary, the Government, and Seller shall be responsible for any increase in cost necessary to obtain and qualify such alternative Parts to ensure full compliance with the requirements of this Order.

54. AMENDMENTS REQUIRED BY PRIME CONTRACT. [\(back to top\)](#)

Buyer may modify these general provisions to add or delete any provisions that are not reflected in the applicable Prime Contract or in subsequent amendments to the Prime Contract. Accordingly, Seller agrees that upon the request of Buyer it will negotiate in good faith with Buyer relative to modifications to this Order to incorporate additional provisions herein or to change provisions hereof, as Buyer may reasonably deem necessary in order to comply with the provisions of the applicable Prime Contract or with the provisions of amendments to such Prime Contract. If any such modification to this Order causes a material increase or decrease in the cost of, or the time required for, performance of any part of the work under this Order, an equitable adjustment shall be processed pursuant to the “Changes” clause of this Order.

55. ADDITIVE MANUFACTURING (A.K.A., 3D PRINTING). [\(back to top\)](#)

Seller shall provide advance written notice to Buyer and obtain Buyer’s written approval if it intends to provide any additively manufactured parts or supplies that include additively manufactured parts under this Order. Seller shall flow down the substance of this clause to its suppliers under this Order.

56. NON-SOLICITATION. [\(back to top\)](#)

- A. During the term of this Order and for twelve (12) months after termination of this Order, Seller shall not solicit, or attempt to solicit, for employment any technical or professional employee of Buyer who has been assigned to work on this Order. This subsection does not preclude discussions of employment if Buyer’s employee initiates the conversation or responds to a public solicitation.
- B. The Parties agree that no adequate remedy at law exists for violations of this section and this section may be enforced by any equitable remedy, including specific performance and injunction, without limiting Buyer’s right to obtain such relief as may be available at law.

57. CYBERSECURITY. [\(back to top\)](#)

Buyer has implemented a Supply Chain Cybersecurity Compliance and Risk Mitigation Program (SC3RMP) to help assess and appropriately mitigate cybersecurity risks, raise awareness, and develop proportionate and effective defenses of and across Buyer’s suppliers. A critical element of SC3RMP is Buyer’s use of Exostar’s Partner Information Manager Tool (PIM), which provides a secure platform to report the status of a company’s compliance with DFARS 252.204-7012, and more specifically the security requirements of NIST SP 800-171. Upon request of Buyer, Seller agrees to register and maintain an active account with Exostar PIM (located at <https://my.exostar.com/pages/viewpage.action?pageId=12125152>) and to complete the Exostar PIM cybersecurity questionnaire. Seller also agrees to provide Buyer with information reasonably required by Buyer to assess and address any cybersecurity risks identified by SC3RMP.
