

CODED NOTE: **C1100**
REVISION: **C005**
DATE: **January 3, 2013**
TITLE: **PAINT/ MARINE COATING BATCH CERTIFICATION**

QUANTITY: TWO (2) COPIES

IMPORTANT – COMPLIANCE MANDATORY BY 40 CFR PART 63 SUBPART II

A VOC Batch Certification shall be provided with each shipment of material for each separate batch number included in the shipment. The VOC Batch Certification must include:

- A) The coating manufacturer's name;
- B) The product identification name/number;
- C) Purchase order and item numbers(s) of material being shipped;
- D) The batch number;
- E) **The Volatile Organic Compound (VOC) content expressed in terms of grams of VOC per liter of coating, as supplied**
- F) The Volatile Organic Compound (VOC) content expressed in terms of grams of VOC per liter of coating (minus water and exempt compounds);
- G) The Volatile Organic Compound (VOC) content expressed in terms of grams of VOC per liter of solids (**nonvolatiles**);
- H) **The volume percent solids**
- I) Signature of vendor's or manufacturer's authorized representative;
- J) Date of signing;
- K) Statement that "the VOC content was determined by USEPA Reference Method 24 or the VOC formulation value presented has a consistent and quantitatively known relationship to method 24 results".

Vendor may use his own form.

One copy of the VOC Batch Certification must physically accompany each shipment of material.

One copy of the VOC Batch Certification must be sent at time of shipment via email (preferred), us mail or facsimile at the vendor's option to:
