**Change from Revision C001 – Editorial change to reformat to current standard.**

**Bolded font indicates changed/added content.**

**[*Text deleted*] inserted in the document indicates the removal of content.**

Quantity: One (1) copy

A Certificate of TDR (Technical Data Requirements) Compliance is required which shall certify by PO and Item Number that the requirements of the TDR have been met and, when required by the TDR, that the Navy has received, approved and complied with those requirements.

The certificate shall be on company letterhead and shall bear the name, title and signature of the authorized company representative. The signature of the company representative should be handwritten. In cases where handwritten is impractical, a mechanically reproduced signature (e.g., printed, stamped, typewritten, engraved, photographed/lithographed, or generated by computer) is acceptable where there is present an intent to authenticate the document. Provision of test reports and certificates so signed shall be considered evidence of your intent to authenticate the documents. This certificate shall accompany each shipment of the material.
