Revision: **C004**

Date: **January 4, 2016**

Title: **DRAWING FOR APPROVAL FOR REPAIR ITEM**

This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note.

Change from Revision C003 was to update the format, add submittal instructions, removed reference to microfilming of final reproducible drawings, and replaced Newport News Shipbuilding with NNS.

[Text deleted] inserted in the document indicates the removal of content.

The supplier shall not make any departures from specified drawings and revisions of this purchase order unless specifically stated in this purchase order or authorized by written approval from **[Text deleted] NNS**.

Submittal of navy and/or commercial drawings for revision approval shall be by Vendor Information Request (VIR), **Coded Note Number V1010**, in accordance with Appendix "A". On the VIR, the vendor shall indicate that the submittal is intended to satisfy the requirement of this note.

Drawings shall comply with the requirements of **PO** Appendix D.

The suggested file types for drawing submittal to NNS are Autodesk .DWG or .DWF/x.

One reproducible of each revised drawing approved for use on this contract will be required for retention, **[Text deleted]** after all technical approval actions have been completed.

The [Text deleted] final reproducibles [Text deleted] must be of such quality that every line and character on the drawing will be clearly discernible [Text deleted]. A direct reading reproducible containing sharp, opaque print on a clear or white background is essential.

Final reproducible will be examined to determine conformance with requirements noted above. Drawings found to be unacceptable will be returned to the vendor for rework and replacement at no additional cost to the purchaser.
