Title: **COUNTERFEIT PARTS/COUNTERFEIT WORK PROHIBITION**

The seller will maintain a system or method of item traceability that ensures tracking of the supply chain back to the Original Component Manufacturer/Original Equipment Manufacturer (OCM/OEM) of all Electrical, Electronic, and Electromechanical (EEE) assemblies and subassemblies either contained in a product or being delivered as a product under this order. Upon buyer's request, seller shall provide documentation acceptable to buyer authenticating that an item is traceable to the OCM/OEM.

A. Seller will immediately notify buyer in writing if:

- (1) seller cannot purchase or acquire authentic components, subcomponents, parts, material, and supplies directly from the OCM/OEM or through an OCM/OEM authorized distributor chain; or
- (2) seller or any of its subcontractors at any tier cannot maintain tracking of the supply chain back to the OCM/OEM for EEE.
