

Coded Note Number: **F1050**
Revision Level: **C004**
Date: **April 10, 2017**
Title: **DOMESTIC FASTENERS**

This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note.

Change from Revision C003– Editorial change to reformat to current standard.

Bolded font indicates changed/added content.

[*Text deleted*] inserted in the document indicates the removal of content.

Unless otherwise noted in this order, fasteners supplied on this order shall be of domestic manufacture.

Use of foreign raw products (i.e.; billet, wire, bar, blanks) to manufacture fasteners is acceptable, except for alloy steel blanks and NICUAL.

The following fasteners may be imported:

- All sizes of Carbon Steel Grade 2.
- All sizes of machine screws with slotted, cross recessed or square drives, except NICUAL
- Machine screw nuts smaller than one quarter (1/4) inch in diameter, except NICUAL.

Upon acceptance of this order you are expected to be able to provide NNS with chemical and mechanical test reports. Furthermore, you are required to pass all requirements to your suppliers. Failure to do so may result in cancellation of this order with your company.

This provision does not modify the requirement for Domestic Specialty Metals pursuant to the clause at DFARS 252.225-7014 (Alt. I) "Preference for Domestic Specialty Metals" as included in the terms of this purchase order.
