

Coded Note Number: **H1701**

Revision: **C004**

Date: **August 24, 2016**

Title: **CVN78 CLASS HAZMAT MINIMIZATION PROGRAM**

**This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note.**

**Change from Revision C003 was to update the coded note to reflect current ESOH processes.**

**Bolded font indicates changed/added content.**

**[Text deleted] inserted in the document indicates the removal of content.**

**[Text deleted]**

If Supplementary Technical Requirement STR-701 "Hazardous Material Minimization in Electronic/Electrical and Commercial Components and Maintenance Equipment" is **[Text deleted]** included in Appendix B of this purchase order, **[Text deleted] the supplier shall comply with this coded note and STR-701. [Text deleted] These requirements** specify hazardous material minimization, identification, and documentation requirements for the **[Text deleted] material / equipment** to be delivered on this purchase order.

**The following are excluded from the requirements of this coded note: (1) a hazardous material that is an impurity, i.e., a trace amount that is not an ingredient and does not contribute to the function or usefulness of the material/equipment; (2) a hazardous material that is an ingredient in a metal alloy, except for Lead in a concentration greater than 1 percent in Brass or Bronze.**

**[Text deleted] If the supplier determines that the material / equipment contains hazardous materials as defined in [Text deleted] STR-701, [Text deleted] the supplier shall send [Text deleted] a completed [Text deleted] "Supplier Hazmat Review Form" (NN9168, available on the HII-NNS website) prior to the first shipment to [Text deleted]:**

**[ESOHEngineering@hii-nns.com](mailto:ESOHEngineering@hii-nns.com)**

**or**

**Newport News Shipbuilding**

**Attn: ESOH Engineering (Dept O27) [Text deleted]**

**4101 Washington Ave**

**Newport News, VA 23607**

**[Text deleted] If the [Text deleted] material / equipment contains mercury, mercury compounds, and/or polychlorinated biphenyls (PCBs) [Text deleted], the supplier shall use [Text deleted] the Vendor Information Request (VIR) process described in Appendix**

**A-NNS Supplement of this purchase order to justify its use and obtain approval from Newport News Shipbuilding prior to shipment. The supplier shall include a completed “Supplier Hazmat Review Form” (NN 9168).**

**[Text deleted] The supplier shall send the “Supplier Hazmat Review Form” (NN 9168) [Text deleted] only once to represent multiple [Text deleted] shipments of the same [Text deleted] material / equipment. If [Text deleted] a change in the type, quantity, or application of hazmat in the [Text deleted] material / equipment is necessary, [Text deleted] the supplier shall [Text deleted] identify the changes in a completed “Supplier Hazmat Review Form” (NN 9168) and send prior to shipment.**

**[Text deleted] If Appendix B of this purchase order does not include Supplementary Technical Requirement STR-701 “Hazardous Material Minimization in Electronic/Electrical and Commercial Components and Maintenance Equipment”, the supplier does not have to comply with this coded note.**
