Title: Hardness Test Reports

This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note.

**Bolded font** indicates changed/added content.

[*Text deleted*] inserted in the document indicates the removal of content.

Hardness tests, specified on NAVSEA/BUSHIP drawings to be performed on each valve stem, may be reported as a range consisting of the highest and lowest test result for the lot and the number of tests performed. **These results shall be submitted as part of the mechanical test reports.**
