

Coded Note Number: **Q2020**

Revision: **C004**

Date: **July 23, 2017**

Title: **QUALITY SYSTEM IAW MIL-Q-9858**

This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note.

Change from Revision C002 – Editorial change to reformat to current standard.

Bolded font indicates changed/added content.

[Text deleted] inserted in the document indicates the removal of content.

The quality system of the part manufacturer is required to fulfill the requirements of Appendix Q, MIL-Q-9858A and any additional or supplemental quality system requirements specified by the invoked material, equipment, or procurement specification.

The inspection system of a distributor of the part is required to fulfill the requirements of Appendix Q AND MIL-I-45208A, and any additional or supplemental quality system requirements specified by the invoked material, equipment, or procurement specification.

ISO 9001 may be utilized in lieu of MIL-I-45208A OR MIL-Q-9858A as specified in Appendix Q.

The distributor is responsible for ensuring the manufacturer's compliance to this procurement provision note.

The quality/inspection systems of the distributor and manufacturer are subject to on-site survey by the purchaser.
