4101 Washington Avenue
Newport News, VA 23607
Attn: E45 Software Coordinator
Bldg. **600-1**

The military specification that governs this equipment requires that each unit be tested. The tests are designed to ensure that the equipment meets the performance requirements.

The test may be called shop test, performance Test, routine test or acceptance test. The key phrase that identifies this requirement is "testing requirements for each unit". The test reports must be reviewed and approved by NNS prior to shipment of the equipment.

Please notify NNS 15 days in advance of testing in order that we may witness the test. The witnessing of test will be at our discretion.
