Bolded font indicates changed/added content.

[Text deleted] inserted in the document indicates the removal of content.

Quantity: **(1) Copy [Text deleted]**

The military specification that governs this equipment requires that each unit be tested. The tests are designed to ensure that the equipment meets the performance requirements.

The test may be called shop test, performance Test, routine test or acceptance test. The key phrase that identifies this requirement is "testing requirements for each unit". The test reports must be reviewed and approved by NNS prior to shipment of the equipment.
