Title: **SHOP TEST PROCEDURE FOR APPROVAL**

**This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note.**

**Change from Revision C007 Modified note title, added option titles 1 thru 3, removed unrelated text, replaced Purchase Order with PO, grammatical corrections.**

**Bolded font indicates changed/added content.**

**[Text deleted]** inserted in the document indicates the removal of content.

**[Text deleted]** The **required** test may be called shop test, performance test, routine test or acceptance test, the key phrase that identifies this requirement is "testing requirements for each unit".

**Options to satisfy this requirement are:**

- 1. Procedure submittal for approval.**
- 2. Procedure previously submitted, pending approval.**
- 3. Procedure previously approved.**

**[Text deleted]**

**1. PROCEDURE SUBMITTAL:**

Submit all new equipment test procedure and/or any listed procedures if revised subsequent to the last approval for approval within 30 days after receipt of this **[Text deleted] PO**. The procedure shall describe the test setup, instrumentation, test process and acceptance criteria with associated tolerances. The procedure, as a minimum, shall include those attributes to be tested "for each unit" in the applicable component specification. Testing shall not be accomplished unless the equipment test procedure has been approved by NNS. Include clearly marked on the submittal:

- a) [Text deleted] Current [Text deleted] PO and item number(s)**
- b) NNS Material Number(s)**
- c) This coded note number**
- d) The procedure number and revision**

In the event the scheduled date for submittal cannot be met, the supplier shall provide a complete list of all documents and revisions to be used in advance of submittal. Full compliance to this submittal requirement is expected.

## 2. NOTIFICATION OF (UNLISTED) APPROVED/PENDING APPROVAL TEST PROCEDURE(S):

If previous approval has been obtained from NNS or the procedure has been submitted and is pending approval from NNS but the procedure number and revision is not listed on this [**Text deleted**] **PO and** item, re-submittal of the procedure is not required. Submit notification of the previous or pending approval, including 1.a. through d. above and the PO and item number of the previous submittal. For previously approved procedures, also include the previous approval letter number/identification.

## 3. USE OF (LISTED) APPROVED PROCEDURE(S):

If the procedure and revision used is listed on this purchase order **and** item, this requirement is satisfied, the supplier is authorized to perform work and no submittal is required.

The above requirements do not relieve the seller of his responsibility to comply with the specification requirements of the purchase order.
