Onboard repair parts (OBRP), special tools and/or test equipment are furnished by this purchase order item. The supplier shall identify material as OBRP, special tools or test equipment by placing a label on the material. If a label cannot be placed on the material, then the label shall be placed with the material by the most feasible means. The supplier shall include the purchase order and line item number with the item. The label shall be easily identifiable by NNS receipt inspection dept. Material shall be tagged to be shipped to NNS warehouse 91. The supplier shall provide the national stock number if available.
