

Coded Note Number: **T1350**

Revision: **C001**

Date: **August 9, 2017**

Title: **IMPREGNATED CLOTH SHEET ROLL TILES ELASTOMER  
MARKINGS**

**This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note.**

**Change from Revision A – Editorial change to reformat to current standard.**

**Bolded font indicates changed/added content.**

**[Text deleted] inserted in the document indicates the removal of content.**

In addition to markings required by the specification, the information below shall be marked on the material in three locations (along each edge and the center) the entire length of each sheet or roll with a paint whose composition is not detrimental to the elastomer material. Each piece is to be marked in such a manner as to not destroy the usefulness of the marked portion. As a minimum the marking, using 1/2 inch characters, shall show the following information.

- A. Newport News Part Number (when provided).
- B. Manufacturing and compound number (when applicable).
- C. Manufacturing specification or standard (when applicable).
- D. \* Cure date - year and quarter (e.g., 3Q85).
- E. \* Expiration date based on the cure date and shelf life.
- F. Durometer (hardness).
- G. Newport News purchase order and item number.
- H. Dimensions.
- I. National stock number (when applicable).

\*-Note: Not to be reported unless age controls are required by the rubber (elastomeric) specification.
