

Coded Note Number: **T1560**
Revision: **C003**
Date: **August 13, 2017**
Title: **PAINT CONTAINER MARKINGS**

This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note. Change from Revision C002 – Editorial change to reformat to current standard. Bolded font indicates changed/added content. [Text deleted] inserted in the document indicates the removal of content.

Each paint container must be weather resistant and marked with the following information as a minimum:

- A. Color
- B. Manufacturer's name or trademark
- C. Batch number or lot identification
- D. Net weight in container
- E. Expiration date *
- F. Specification(s) and revision(s)
- G. Purchase order and item number(s)
- H. Type of paint
- I. Mixing/application instructions

In addition to the requirements listed above the following must be complied with:

All paint containers must be labeled with the following information:

- Maximum VOC content of this material
- Suggested thinner and thinning instructions

This information must be on all paint containers received at NNS beginning 12/15/97.

*All paints must have at least 50% of the shelf life remaining, based on the date of manufacture, when delivered.
