

Coded Note Number: **T1760**

Revision: **C005**

Date: **November 20, 2012**

Title: **COMPONENT PIECE PART**

This Material Number includes one or more loose parts and/or subassemblies of a parent Material Number that is in this same purchase order, and is subject to the technical requirements (i.e. drawings and specification) of that parent Material Number. All deliverables that are required by the coded notes of the parent Material Number and that are applicable to the loose parts and subassemblies included in this Material Number shall be provided with the software package of the parent Material Number. Each loose part and subassembly included in this Material Number shall be listed on the Shipping List deliverable associated with the parent Material Number
