Revision: **C002**  
Date: **November 19, 2015**  
Title: **COMPLEX/CRITICAL PART (C/C)**

**This revision history is provided for convenience and does not alleviate the supplier's responsibility with understanding and complying with the full coded note.**

**Change from Revision C001 is to include subcontractors, provided consistent terminology for Buyer and Seller, and provision for informing NNS of change after completion of the technical assessment.**

**Bolded font indicates changed/added content.**

**[Text deleted] inserted in the document indicates the removal of content.**

This part is designated by the **[Text deleted] Buyer** as complex/critical (C/C). It requires an increased level of assurance that all technical requirements and certifications are understood and satisfied. The **[Text deleted] Buyer will perform** (at **[Text deleted] Buyer's** option) a rigorous technical assessment of the **[Text deleted] Seller's or Seller's subcontractors'** capability, understanding, and experience prior to (or after) Purchase Order award, including but not limited to the following areas:

- program/project management
- technician/craftsmen qualifications
- work control processes
- material control processes
- manufacturing controls (planning, machining, fabrication, etc)
- **[Text deleted] Subcontractor** oversight/management
- welding and inspection qualifications
- quality management system
- final assembly
- testing and certification

The **[Text deleted] Buyer** will schedule a pre-award meeting to discuss requirements and detailed expectations, at Seller's convenience. **[Text deleted] Buyer** will hold (at **[Text deleted] Buyer's** option) a Kickoff meeting upon award of the Purchase Order.

The **[Text deleted] Buyer** will contact the Seller to initiate and set up actions required to satisfy C/C requirements. Seller **shall direct** requests for a pre-award meeting or other questions/actions regarding these C/C requirements **[Text deleted]** to the Supply Chain Procurement **representative**.

**The Seller shall make the Buyer aware of changes in Seller's organization or operations affecting this contract, including changes in subcontractors utilized, after the completion of the technical assessment.**
